

# MINERS MEMORIAL PROJECT

## Registered Free Miners Listed By Name

Registered Charity 1094700

This document forms part of the Miners Memorial Project and contains records of registered **Free Miners** of the Forest of Dean, listed by name.

“A free miner is a person born within the Hundred of St Briavels and abiding there and having worked a year and a day at coal or mine work” (written in front of the gale book held at Gloucestershire Record Office GRO Ref D5947 3/1/4). The original registers of Free Miners and Free Quarrymen are kept in the office of the Deputy Gaveller. John Harvey, a previous Deputy Gaveller, deposited a photocopy of this register of applications to be recognised as free miners with the Gloucestershire Record Office which was then transcribed to a computer readable form. The Data Protection Act means that only applications from 1838 – 1959 are included in this document.

The original free miners applications are held at the Gloucestershire Record Office (GRO Ref D5947 1/1). The information given on these applications comprises name, birthplace and year of birth, address, mine where worked; later applications include certificates of employment.

The original register was in manuscript form and may contain some errors due to literacy standards, inaccuracies in recording and variations in representation.

The Miners Memorial project was supported by a grant from the Local Heritage Initiative. The Local Heritage Initiative was a national grant scheme that helped local groups to investigate, explain and care for their local landscape, landmarks, traditions, and culture. The Heritage Lottery Fund (HLF) provided the grant, but the scheme was a partnership, administered by the Countryside Agency with additional funding from the Nationwide Building Society.
